

Sleep Sanitation for Care Providers

In-home mattress sanitation for home care, home health, hospice, residential care and equipment teams. Omaha, Lincoln and surrounding towns.

EVERY VISIT INCLUDES

- Enzyme treatment on urine and other biological soiling
- Low-moisture dry vapor steam, with the mattress surface verified at 212°F or higher with a temperature gun
- HEPA vacuuming and UV-C light, with bed mite sensor readings
- Protector removed, with a one-time supply of special detergent sheets left for washing it
- A moisture check before we leave
- About 1–2 hours per mattress
- A Service Summary for every visit

WHAT WE SERVICE

- **Yes:** foam, innerspring and hybrid mattresses
- **Yes:** vinyl or coated hospital-bed mattresses
- **Yes:** with a bedbound client in the room (an aide or family member handles any transfer)
- **Yes:** after a death at home, at our normal price when there was no hazmat or decomposition
- **No:** powered air, low-air-loss or alternating-pressure mattresses

WHO COMES INTO THE HOME

- Certificate of insurance on file, available on request
- Background checks under our hiring policy, including a national sex offender registry check
- Gloves and shoe booties on every job

AGENCY PARTNERS

- Reduced agency rates for partners who group visits by area
- Visits scheduled around aide visits and bath time
- Service Summary shared with the agency with the family's permission
- The agency or the family pays, whoever arranged the visit

FALL 2026 PROMOTION

~~\$249~~ **\$199** first mattress, any size

Additional mattresses in the same visit: king/California king \$199, full/queen \$179, twin/kids bed \$149. Agency rates on request.

HOW TO BOOK

Call or text **(402) 512-5658**, email info@sleepsanitation.com, or request agency rates at sleepsanitation.com/agency-partners. Send the town, mattress type and anything we should know (oxygen in the home, breathing sensitivities, enzyme allergy). Please don't send client health details before a visit is booked.
